I. Residence Hall Preferences

Based on the information I have at this time, I prefer to live in (choose only one):

☐ Thomas Jefferson Hall  ☐ Residential College

☐ Quadrangle Complex (Kelly, Holtman, McAnerney and Farrar)

☐ I anticipate living in University Housing but will make my hall selections at a later date.

Students will be able to change and/or indicate additional living preferences (e.g.; special interest communities, roommate preference, special needs, etc) on housing interest forms provided to students prior to attending their PRO session.

I have read and agree to the terms and conditions outlined on the reverse side of this document as well as the enclosed terms and conditions brochure.

Signature of Student ______________________ Date ________________

Signature of Parent or Guardian ______________________ Date ________________
(If a student is under age of 18)

Completing and returning this agreement indicates your interest in residing in university housing and your agreement to comply with its terms and conditions.

II. Other University Approved Housing

I may be interested in living in (check any options that apply)

☐ Christian Campus House  ☐ Sorority House (Female)  ☐ Fraternity House (Male)

☐ Off Campus with a parent or legal guardian (Must submit and be approved for waiver by July 1st)

For waiver conditions:  http://reslife.mst.edu/faq/resident_requirement.html

Information regarding Chapter Houses and the pledging process is distributed during the Spring Semester. Individuals who submit a written request, are accepted and agree to live in other University approved housing will have their residence hall housing agreement cancelled without penalty.
Students with Disabilities
If you have a physical or psychological limitation or medical condition that might warrant special consideration for housing, please have a current document from a health care provider sent to the Office of Disability Support Services, 204 Norwood Hall, accompanied by appropriate documentation and history specifying the nature of the medical condition or disability and the restrictions or needs of the student in his/her living environment. The University will review the documentation, and may, at its discretion, consult with appropriate University staff and other professionals external to the University who can assist in reviewing the request. This information will remain confidential and will only be used to assist with your housing needs.

Housing Agreement Terms and Conditions
This agreement is made and entered into by and between the Missouri University of Science and Technology hereinafter referred to as "Missouri S&T", and the student; identified on the original copy of the agreement, hereinafter referred to as the "Student."

All students who are not exempted from the Missouri S&T campus residency requirement are required to live in university-approved housing (additional information regarding campus residency and the exemption parameters may be obtained by contacting the Residential Life Office).

With this agreement, Missouri S&T offers to the Student named above a space in a residence hall or other property managed by Residential Life for the 2011 - 2012 academic year. When the signed agreement is received, a binding agreement is established between the student and Missouri S&T. It is understood that the Student must be enrolled at Missouri S&T throughout the term of this agreement. Unless written cancellation is received on or before June 1, 2011 (or December 1, 2011 if the agreement is for the spring semester only) and the Student attends Missouri S&T, the agreement is for the entire academic year, consisting of fall and spring semesters, or for the remainder of the academic year, if it is entered into after the beginning of the academic year.

The rooms may be occupied and meals will be served according to the Residence Hall Review. The agreement period excludes room and food service during the semester break and food service during any declared recess periods. If the Student fails to occupy the assigned accommodations on or before the first day of classes of the period covered by this agreement without having given the Residential Life Office prior notification of a delayed arrival, the accommodations may be assigned to another student, but such delayed arrival shall not release the Student of responsibility for accepting other available accommodations.

While Missouri S&T attempts to honor Student room choices, this agreement only guarantees the Student a bed in the residence hall. This agreement can not be terminated if the Student room choice is not granted.

The Student and Missouri S&T hereby agree to all the terms, conditions and provisions set out here as part of this agreement and in other documents that are incorporated by reference into this agreement. These documents include the Agreement Conditions, all the rules and regulations as set forth in the Missouri S&T Manual of Information and in the Residence Hall Review, which are now, or are hereinafter, in effect.

The Curators of the University of Missouri.
