VALUES

LIFELONG SUCCESS
We add exceptional value. The rewards of the Missouri S&T experience extend far beyond a college education, valued degree or gratifying career. The S&T experience prepares you for a fulfilling life defined by the confidence to succeed, a desire to excel, and a love of learning that never stops.

CREATIVITY
We are innovators. Building a better world demands a creative spark, innovative and entrepreneurial approaches, and curiosity to discover and explore new solutions for the world’s great challenges.

INTEGRITY
We hold ourselves accountable for our actions. We strive to uphold the highest ethical standards, to conduct ourselves with trustworthiness and respect for all of humanity, and to instill in our campus community these same principles.

SUSTAINABILITY
We live by example. As stewards of the public goodwill, the financial resources entrusted to us, and the environment, we emphasize resilient and sustainable practices in all our endeavors.

PARTNERSHIPS
We are great partners. We focus on adding value and creating mutually beneficial partnerships. The solutions to today’s great challenges require agile collaboration, teamwork and engagement with our stakeholders, both on campus and in the greater business, civic, national and international communities.

INCLUSION
We are an inclusive, welcoming community. We seek to build a creative learning environment marked by openness, understanding, and valuing all people and perspectives.
We hope your Advising & Registration (A&R) experience will be fun and informative.

We're excited to have you join the Missouri S&T family!

This guidebook addresses some of the concerns students, parents, and families have about college. S&T offers many resources to students to ensure academic, personal, and professional success. We suggest you review the student handbook, undergraduate catalog, phone directory, and related S&T website at pro.mst.edu. The information in our guidebook supplements today’s A&R activities – some sections are for students, some for family members.

We invite you to talk with current students, staff, and faculty about any specific interests or concerns you have. If you want more information about a topic in the guidebook or have questions after your A&R Day, please refer to the S&T directory in this guidebook (pgs. 20 & 21). If you are unsure about where to begin, contact New Student Programs at 800-266-9035 or pro@mst.edu or like us on Facebook at “Missouri S&T New Student Programs” or connect with us on Instagram with @mstproleaders. We’ll be happy to answer your questions or direct you to the best person or place for assistance.

We thank you for joining us at A&R. See you during Opening Week!

Sincerely,

Joe Miner
S&T Mascot

MINOR S&T

Miner Orientation

Miner Welcome Bash
Meet other future Miners and their families during a day of games and information. Engage with Recognized Student Organizations. Learn about your Opening Week Mentor Team.

Move-In Day
Each year, Miner Move-In is the first step for incoming Freshman on their journey at Missouri S&T. This year, Miner Move-In will also be a welcome back to campus for our returning students as well.

Opening Week
A high energy introduction to your new campus home. With academic, orientation, and social components, Opening Week will acquaint you will all the resources you need to be successful as a student. Opening Week Orientation will acquaint you with the campus community and help ease your transition to your new home. Activities are designed to introduce you to new friends, mentor groups, the campus culture and opportunities for future involvement. A combination of specialized academic workshops and interactive programs will fill your week.

Classes Start
You will feel confident and ready to start classes on Monday with your new friends and campus support.

AUGUST 15-20, 2021
Defining Student Success

While grades are one measure of success, knowing that you are doing your best and achieving your goals may sometimes mean that you gladly accept a “B” in a really tough class.

Being accepted to S&T means that we believe your past record shows you are capable of satisfying the demands of the challenging S&T curriculum.

Although your ability and academic background play a role in your success at S&T, more depends on the efforts you make to master the material and your willingness to ask for help when you need it.

What will college be like?

Each student’s college experience is unique. In addition to joys and triumphs, you’ll face many challenges. After all, going to college is a major life transition. Whether you move away from home or continue living with family, you’ll assume greater responsibility for yourself, meet new people, and adjust to the academic demands of college. These challenges can be exciting and fun, but are sometimes frustrating and unsettling.

If you find yourself struggling to get along with your roommate, manage your time, do well in a class, or make a tough choice, remember – it often helps to discuss your thoughts with someone else.

Ask for help – advisors, instructors, counselors, residence hall assistants, success coaches, mentors, and parents are available to help you.

Taking personal responsibility for achieving your goals is the key to success. In college you have more freedom. It will be your responsibility to determine what actions will move you toward your goals.

Behaving consistently in a positive way will promote your progress. Make sure to keep an eye on what you’re doing and where your actions are leading you.

A final key to being successful involves striving for balance in your life. Finding the optimum mix of work and play will make you happy. Know your priorities, respect your limits, but don’t limit possibilities and keep life in perspective.

Defining Success at the Student Success Center

Housed in 198 Toomey Hall, we offer a quiet environment where you can come relax between classes, grab a cup of coffee, and study using a variety of resources. Throughout the semester, we offer programs and activities to help enrich your educational experiences. Check us out at studentsuccess.mst.edu.

Our Services

Coaching/Mentoring
Our Student Success Coaches can provide you with the tools to thrive no matter what challenges you might face. They are trained to help you with goal setting, time management, organization, study skills, and more. Because our Coaches are also students, they understand your point of view and can provide fresh, new perspectives in the areas you are struggling in.

Tutoring
It’s okay to ask for help! In fact, we encourage all students to ask for help as soon as they begin to struggle. The B&MSSC (Burns & McDonnell Student Success Center) has partnered with the Learning Enhancement Across Disciplines (LEAD) program to ensure that you can get help when you need it. LEAD offers student-oriented learning centers throughout the day in various locations across campus. For students who need more one-on-one attention, the B&MSSC also offers individualized tutoring sessions. Visit our tutoring page at studentsuccess.mst.edu/tutoring.

Faculty Corner
We know the majority of our students would like to connect with faculty outside of the classroom. In fact, 92% of our incoming freshman want that involvement. We have created a program, Faculty Corner, which invites faculty to spend some of their office hours in B&MSSC. This is a great opportunity to chat, connect, and ask questions. For a list of our faculty participants and their availabilities, take a look at our Faculty Corner.
Demonstrating Leadership

With more than 99 degree programs, S&T focuses on developing leaders for a technological society.

Benefits to Students
Missouri S&T’s unique blend of engineering, science, business, and the social sciences allow students to integrate technical, personal, and interpersonal competence to develop a firm foundation for success. Students participate in activities in and out of the classroom, through recognized student organizations, community participation, living units, and design teams that provide experiences designed to complement the educational experience and prepare them for life after college.

Service Learning and Community Service
Missouri S&T is committed to contributing to the betterment of our local surroundings and global communities. You’ll have many opportunities to become actively engaged through service events and partnerships between community organizations and the University.

Some S&T courses go beyond traditional classrooms with academic service-learning projects. You’ll have the opportunity to work directly with community organizations (such as Habitat for Humanity, Great Circle, or the National Audubon Society) and businesses as part of your coursework.

Interpersonal Skills
Missouri S&T provides a variety of curricular and co-curricular experiences to help students understand interpersonal and organizational systems while developing skills necessary for professional success.

Team projects are included in numerous classes, while “Writing Across the Curriculum” services help faculty integrate writing, oral communication skills, and development activities into their classes. Seeking out additional opportunities to work in teams and actively developing communication skills can greatly enhance a student’s employability and leadership capacity, as employers consistently emphasize the importance of interpersonal competence.

HONORS ACADEMY
academicsupport.mst.edu/honors

The Honors Academy is a community of outstanding scholars seeking an enhanced educational experience. Students who are eligible to participate will receive an invitation for the program after admission to the University.

Incoming Freshmen are eligible to apply if:
1) Min 29 ACT / 1440 SAT CR+M
2) Top 10% high school class rank or min 3.5 GPA.

An Honors Academy student who maintains a 3.5+ GPA and has at least 15 credit hours of “Honors” classes will earn the distinction of “Honors Academy Fellow” on their diploma, transcript and the Commencement program.

KUMMER VANGUARD SCHOLARS PROGRAM
kummerinstitute.mst.edu/vanguardscholarsprogram

The Kummer Vanguard Scholars Program is a new competitive program established through a portion of a generous gift of $300 million from June and Fred Kummer, longtime supporters of Missouri S&T. The Kummer Vanguard Scholars Program is limited to 350 to 400 STEM scholars each year. Each Kummer Vanguard Scholar will receive $1,000-$3,000 a year for four years. These scholarships may be combined with other university scholarships to provide a broader array of financial support for students.

ROTC LEADERSHIP PROGRAMS
armyrotc.mst.edu || afrotc.mst.edu

Get leadership training and receive a valuable education by joining the U.S. Air Force or Army ROTC. Participants are commissioned as officers after graduation and can earn money for college. S&T also has programs with the U.S. Navy, including the Nuclear Propulsion Officer Program for nuclear engineering students. You can take ROTC courses for up to two years without making any kind of commitment to the military.
Academic Assistance

There are many sources of academic assistance at Missouri S&T that students can access to improve their proficiency with course material and learning processes. Professors can clarify concepts or refer students to peers or resources that can provide academic assistance.

Counseling
counseling.mst.edu

Personal counseling is available to S&T students within a brief-treatment, solution-focused model at no additional cost. Confidential services are provided by licensed professionals.

Some students seek support as they adjust to college life, explore family or relationship situations, or to reduce feelings of depression or anxiety. Others wonder about the choice of academic major or professional goals. Still others struggle with issues such as motivation, procrastination, or test anxiety that interfere with academic success.

Staff members collaborate with students to help clarify and address issues, support existing strengths, and arrange referrals when appropriate. The Van Matre Resource Center offers excellent self-help materials covering a wide range of topics available for checkout.

Student Well-Being
wellbeing.mst.edu

Student Well-Being provides students education, information and resources on: Alcohol & Other Drug Prevention; Stress Management & Mental Health Promotion; Violence Prevention; Healthy Relationships & Sexual Health; Healthy Eating, Physical Activity, & Sleep. Student Well-Being promotes healthy behaviors to foster a campus environment conducive to academic, professional, and personal success by addressing both individual and environmental influences on health and well-being.

Math Learning Center
math.mst.edu

Can’t get your trigonometric equations to inverse or having trouble determining your determinates? Get help finding the solution in the Math Help program offered by the Mathematics and Statistics Department.

Math Help offers academic assistance in ten courses. Every weekday you can find trained graduate students at the tutor room and other locations across campus—to help you comprehend your math homework and class discussions. Visit math.mst.edu to find the Math Learning Center schedule and location.

Learning Enhancement Across Disciplines
lead.mst.edu

The LEAD program offers learning forums for students who wish to improve their understanding of concepts and their mastery of skills in a wide variety of foundational courses.

Testing Center
testcenter.mst.edu

The Testing Center provides the campus with a variety of testing programs including College Level Examination Program (CLEP), distance education online tests, and national/professional certification testing. A range of personality, interest, and skill assessment instruments are available to assist Counseling Center clients with personal, academic, and career concerns. Testing accommodations for self-identified students with a disability are also available.

Writing Center
writingcenter.mst.edu

Missouri S&T’s Writing Across the Curriculum program is based on the idea that writing well is a developmental process, not a simple skill that can be learned in one semester or course. Furthermore, S&T alumni often emphasize that graduates must have solid communication skills—particularly writing skills—to succeed in today’s workforce. For these reasons, S&T emphasizes writing in all areas of undergraduate study—not just English.

The Writing Center provides trained writing tutors to help students from all disciplines improve their abilities to write, revise and edit assignments and professional documents effectively. Adjacent to the Writing Center is the Center for Writing Technologies—a state-of-the-art computer learning center geared toward writing.

Canvas Support
it.mst.edu/services/canvas

Canvas is used by instructors to manage course content, post grades, distribute assignments, and perform other associated teaching tasks within a web-based environment.

Nearly anything that can be done in a face-to-face, paper-based course can be done within Canvas.
Missouri S&T is committed to the success of its students by providing an environment conducive to teaching and learning. To ensure that every student takes full advantage of the educational opportunities and support programs on campus, S&T (along with the other 3 campuses) has implemented S&Tconnect which can be found in Canvas.

Early Alert is part of S&Tconnect which improves the overall academic success of students by improving communication among students, instructors and advisors in cases where students are not meeting academic course requirements.

When an Academic Alert is issued, an email is sent to the instructor, the student, and the student’s advisor. Students may receive Early Alerts for lack of attendance, low quiz/test scores or low homework scores.

Another piece to S&Tconnect is connected with advising. Many faculty use S&Tconnect to set office hours for their classes or for advising appointments. Go to Canvas and setup your S&Tconnect institutional profile.

Your Academic Advisor

Your academic advisor plays an important role in your success. They help you select courses each semester, evaluate your academic progress, resolve any academic performance problems, and help you explore career options.

If you have concerns about any aspect of the university, your advisor can guide you to the proper resources. Developing a professional relationship with your advisor is important.

As the student, you are responsible for initiating and maintaining regular contact with your advisor. Meetings with a clear purpose promote the best interactions. However, occasional visits for casual conversation will help you and your advisor become acquainted. An advisor who knows you well might even serve as a future job reference.

Student Veterans Resource Center

The Student Veterans Resource Center is here to serve all Missouri S&T student service-members and veterans as a campus resource that will provide high quality customer service, effective information, and support as students persist in their journey towards their educational goals.

The Burns & McDonnell Student Success Center (B&MSSC) is a one-stop shop that serves all S&T students as a campus resource. We provide high quality customer service, effective information, and support as you persist in your journey towards your educational goals.

The B&MSSC offers a quiet environment where you can relax and study between classes, grab a cup of coffee, surf the internet, or checkout a whiteboard to use as a study tool. Throughout the semester, we offer programs and activities to help enrich your educational experiences and success. Our goal is to get you connected to resources so you can make the most of your time at S&T.

Services offered include:
- Peer tutoring
- Student success coaching/mentoring
- Online study tools & inventories
- Department referrals
- Success plans
- Faculty corner

Whether you are tackling academic struggles, or seeking ways to broaden your learning experiences at Missouri S&T, it’s our job to listen and help maximize your options. If you have questions, the staff in the Student Success Center can find the answer.

For more information visit studentsuccess.mst.edu or connect with us via facebook.com/SandTssc or twitter.com/sandtssc.
Campus Living reslife.mst.edu

Research has shown a positive correlation between academic success and campus and community involvement. Students who are involved tend to be more academically successful, experience more personal growth, and are generally more satisfied with their college experience.

S&T Residency Policy

Because campus living enhances your well-being and increases the likelihood of your success, S&T has a residency policy that states all students who have not completed four semesters of college prior to the start of the academic year are required to live in university-approved housing.

University-approved furnished housing includes: residence halls, fraternities, sororities and the Christian Campus Houses.

Safety

Missouri S&T strives to provide a safe and comfortable living community. Safety measures in campus-approved housing include: deadbolt locks, restricted key/card access, building locking procedures, police patrols of the campus, and educational programs to promote personal safety. Additionally, S&T follows guidelines that restrict providing information about students, such as class schedules, phone, and room numbers.

What forms should I submit?

Even if you’re not sure where you want to live, first year students must complete the Housing Application/Agreement. For more information, contact Residential Life at 573-341-4218 or reslife.mst.edu.

May I change my mind about where and with whom I live?

You may change your request regarding living in any of the residence halls or Greek houses. Once you have been assigned residence hall space, you are permitted to change rooms after the third week of classes. Contact the Residential Life Office to check on space availability and to complete necessary paperwork. University-approved housing options share an agreement to facilitate room changes between residence halls and fraternity and sorority houses.

When will I move to Rolla?

As a first-time student, you must arrive at S&T prior to Opening Week Orientation.

Residence halls open for move-in at 9:00 am, Monday, August 15, 2022.

Only students who will be attending the August 13th A&R session will be allowed to move-in on Friday, August 12th (other students who need to be on campus prior to August 12th will need to make arrangements for early arrival with the Residential Life Office).

Residence Halls

S&T’s residence halls in which first-year students typically reside are Thomas Jefferson (TJ), Residential Commons (RC), and University Commons (UC). Room assignments are available on Joe’Ss in mid-July. Your room assignment will include a link to access your campus mailing address as well as your roommate’s name, email, and phone number.
Christian Campus Houses
rollaccf.org

The two Christian Campus Houses provide university-approved housing for male and female students and are located close to campus.

Fraternities and Sororities
involvement.mst.edu/fraternityandsororitylife

Of S&T’s 24 Greek Chapters, 20 offer university-approved housing with resident capacities ranging from 20 to 100. More than 800 men and 100 women live in a chapter house, which average approximately 35 members each. Each member who lives in a UAH facility pays a per-semester fee. Additionally, dependent on your join date, you also may pay housing cancellation fees. Specific questions pertaining to costs associated with Greek residences need to be addressed with each respective chapter.

Fraternities and sororities issue invitations for membership, often called “bids.” When you accept an invitation to membership, you signify that you are joining that particular fraternity or sorority. Although you have the option of living in a chapter house as a freshman, accepting a bid does not obligate you to do so.

Opportunities for women to participate in Formal Recruitment are available during Opening Week Orientation. Freshman male students have the option to move directly into fraternity houses. All men interested in joining a fraternity – but unsure of their options and preferences – are encouraged to complete a Residential Life Housing Interest form to ensure housing will be provided to them in the fall.

Living/Learning Community

Honors Housing

Located in University Commons. The Honors Housing is designed for students who are selected for Missouri S&T’s Honors Academy.

BRINGING A COMPUTER TO S&T

Consider purchasing your computer through The S&T Store to receive educational discounts, special promotions, full warranties with accidental damage protection and special Student Purchase Plan financing. Details at www.thesandtstore.com. Contact us at minertech@mst.edu or 573-341-7901. Walk-in IT help is available at the library for computers purchased at The S&T Store.
Project. The library is a campus resource for a successful research consultation with a librarian to learn all about completing your assignment, too. For help in finding the sources you need and more, our librarians will assist you.

Wilson Library provides access to a variety of research materials and e-resources. Our librarians will assist you in finding the sources you need to complete your assignment, too. For in-depth help, you can schedule an appointment for a one-on-one research consultation with a librarian to learn all the ins and outs of using the library's resources for a successful research project. The library is a campus gathering spot, with coffee, meeting rooms, quiet spaces, and technology support, now open 24 hours.

The Miner Card
pro.mst.edu/minercard

The Miner Card, your campus ID, is required for all students. Your Miner Card features your name, photograph, and signature. Your student and campus information is encoded on your card.

Treat your Miner Card with the same care as you would an ATM or credit card. Your Miner Card can be used at the S&T Store and Library; for access to buildings; for on-campus dining; entitles you to sporting and theatre special events; gets you discounts at restaurants, local businesses, and more. *You can report your Miner Card lost/stolen on our website above. Found Miner Cards should be turned into the ID Office in 109 Centennial Hall.

Parking
police.mst.edu/parking

Students may bring a vehicle to campus. All S&T parking lots (including residence halls) require a paid parking permit purchased through Parking Lot Operations. Parking is not included with housing costs nor is it a guaranteed space. All students must sign into the on-line waiting list in order to receive a parking permit.

Curtis Laws Wilson Library
library.mst.edu

Missouri S&T’s University Committee for Assistance, Response, and Evaluation (UCARE) was formed a number of years ago following incidents on our campus and at Virginia Tech that highlighted the need for greater communication and preparedness regarding troubled students. The Dean of Students Office manages student emergencies and response efforts to student behavior concerns reported through the UCARE. By integrating early education and intervention strategies through case management services, students obtain meaningful support that promotes a positive campus experience for all.

Campus Emergency Alert System

Opt-in to receive text message or voicemail alerts in the event of a campus emergency. After logging into Joe'SS at joess.mst.edu, look for the “Emergency Mass Notification” link in the left side menu to sign up for the service, or update your contact information.

Why should you opt-in to the emergency alert system?

• You’ll receive emergency news and updates regardless of where you are on or off campus
• The system is used ONLY for true emergencies (natural disaster; human or technological crisis); and once a semester for a system test
• The service is free, but your cell carrier’s rates for text and incoming calls will apply

You can update your contact information anytime at joess.mst.edu. Your contact information is kept secure and confidential and will NEVER be used to spam you.

The Miner Card
pro.mst.edu/minercard

The Miner Card, your campus ID, is required for all students. Your Miner Card features your name, photograph, and signature. Your student and campus information is encoded on your card.

Treat your Miner Card with the same care as you would an ATM or credit card. Your Miner Card can be used at the S&T Store and Library; for access to buildings; for on-campus dining; entitles you to sporting and theatre special events; gets you discounts at restaurants, local businesses, and more. *You can report your Miner Card lost/stolen on our website above. Found Miner Cards should be turned into the ID Office in 109 Centennial Hall.

Parking
police.mst.edu/parking

Students may bring a vehicle to campus. All S&T parking lots (including residence halls) require a paid parking permit purchased through Parking Lot Operations. Parking is not included with housing costs nor is it a guaranteed space. All students must sign into the on-line waiting list in order to receive a parking permit.

Curtis Laws Wilson Library
library.mst.edu

Wilson Library provides access to a variety of research materials and e-resources. Our librarians will assist you in finding the sources you need to complete your assignment, too. For in-depth help, you can schedule an appointment for a one-on-one research consultation with a librarian to learn all the ins and outs of using the library’s resources for a successful research project. The library is a campus gathering spot, with coffee, meeting rooms, quiet spaces, and technology support, now open 24 hours.

University Committee for Assistance, Response, and Evaluation (UCARE)
caremanagement.mst.edu

Missouri S&T launched Rave Guardian, a free mobile app that turns your smartphone into a personal safety device. By downloading Rave Guardian on your mobile device, you can invite friends and family to join your network as your “Guardians.” Learn more at alert.mst.edu/raveguardian.
Confidentiality Policy
registrar.mst.edu/ferpa

In accordance with the Family Education Rights and Privacy Act of 1974 (Buckley Amendment), Missouri S&T restricts release of a student’s educational records to directory information only.

A student has the option to also restrict the release of directory information. S&T designates as “directory/public information” the following: student name, email address, address (including local and permanent), telephone, major field of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, student level, and full- or part-time enrollment status.

Additional information about the guidelines governing the protection of the privacy of student records can be found online at registrar.mst.edu.

Additional Authorized Access (AAA)
registrar.mst.edu

S&T students can grant other users direct and authorized online access to their student information in Joe’SS, which may include:

- **Student Account Information** - Grants access to view current and past charges. Additional access also needed to be granted through the Students TouchNet Account.
- **Academic Information** - Grants access to view Class Schedule, Grades, and Transfer Credit information.
- **Directory Information** - Grants access to view address, e-mail, and phone information.
- **Financial Aid** - Grants access to view financial aid information. This includes information about awards, loans, scholarships, fellowships, and work study jobs that you have received or have been offered. If you have applied for financial aid, it includes information about the status of your application.

- **Additional access** needs to be granted through the student TouchNet account.

Student Health Services
studenthealth.mst.edu

Student Health is designated as an acute care and intermittent health clinic and offers a wide range of primary health care for S&T students. We recommend that all students have health insurance. An optional student group plan for accident and sickness insurance is available.

For more info regarding immunization policies for Measles & Rubella, Meningitis, and Tuberculosis contact Student Health Services at mstshs@mst.edu.

Access Your Health Records Online

The patient portal gives you access to submit forms, send a secure message and view lab results. For portal problems or to be granted access, please contact Student Health at (573)-341-4284.

STUDENT AFFAIRS
stuaff.mst.edu

The Dean of Students Office plays an important role in maintaining and enriching a sense of community at Missouri S&T. We are a well-connected community of students, staff, faculty, alumni, and friends, bound together through a shared experience and a passionate desire to lead lives of principled achievement and purpose.

Our team is here to assist students in making the most of their Missouri S&T experience.

We are committed to fostering a safe and inclusive campus community through outreach, developmental education, and engagement. As the moderator of the campus community, we uphold University values and standards through educational initiatives that support students in their development to become career ready graduates. We produce leaders who influence the world and make a difference for the better, wherever they find themselves.

Visit us online for more information regarding:

- **Dean of Students Office**
dos.mst.edu
- **Parent and Family Relations**
parents.mst.edu
- **Parental Notification Policy**
staff.mst.edu

**Missouri S&T Nondiscrimination Statement Title IX: Sexual Discrimination, Harassment, Violence**
equity.mst.edu

Missouri S&T does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability, or status as a protected veteran. The University affirms its commitment to providing equal opportunities by establishing the Equal Opportunity policy statement.

The University’s nondiscrimination policy applies to any phase of its employment process, any phase of its admission or financial aid programs, or other aspects of its educational programs or activities. Further, this policy applies to sexual violence or sexual harassment, both forms of sex discrimination, occurring within the educational program and instances occurring outside of the educational program if the conduct negatively affects the victim’s educational experience or the overall campus environment.

Students must complete Not Anymore, a training designed to help students recognize and prevent sexual discrimination, by the last day of classes of their first semester. They must earn at least a 70% on the program. To access the training, visit: equity.mst.edu/training-education.
People, Places and Campus Involvement

Career Opportunities and Employer Relations
career.mst.edu

Learn more online:
• Cooperative program (co-op)
• Career Fair tips
• MinerJobs
• Workshop schedule

Career Opportunities and Employer Relations (COER) is the bridge between employers, students, and alumni of S&T. Professional staff ensure that students and employers are successful in their career and hiring needs.

Because employers often hire graduates with prior work experience, many S&T students obtain summer internships or co-ops in their field of study. Two career fairs are hosted each year where hundreds of recruiters come to campus to talk face-to-face with students about co-op, internship, and full-time job opportunities, and accept students’ resumes.

Looking for a job?
career.mst.edu

Many students pursue on-campus jobs while they’re in school to provide extra spending money, gain professional experience, and build their resume.

Part-time on-campus employment opportunities are posted online at the COER website. Check the site often, it changes every day.

Havener Student Center
havener.mst.edu

The Havener Center—S&T’s student and community center—is the “living room” of the campus. Havener offers a food court, bookstore, lounge and study space, meeting and conference rooms, and offices/workspaces for nearly 200 student organizations.

Student Diversity Initiatives
sdi.mst.edu

• National Society of Black Engineers
• Society of Women Engineers
• National Society of Hispanic Engineers

Student Diversity Initiatives (SDI) mission is to foster diversity and inclusion in the S&T community by providing a welcoming climate for all students. We welcome underrepresented, first-generation and low-income students from all walks of life through programming, retention, and mentoring initiatives.

SDI collaborates with many departments around campus to host cultural events throughout the year along with special events like Night to Network, NSBE’s PCI, SWE’s lock-in, and SHPE’s Si Se Puede!

Leach Theatre
leachtheatre.mst.edu

Leach Theatre, located in Castleman Hall, offers students world-class entertainment.

The Campus Performing Arts Series (CPAS) and Remmers Lecture Series bring in symphonies, lectures, solo artists, live theater, Broadway touring shows, and dance troupes to the Leach stage. All Campus Performing Arts Series performances are free to the first 75 students presenting a S&T student ID.

The Leach Family Series offers presentations and performances of interest to S&T students. The Leach Special Events Series offers discounted ticket prices for students to performance artists, musical groups, solo artists, and theater groups.

Athletics and Recreation
minerathletics.com // rollacity.org

S&T offers 17 NCAA Division II varsity sports. Campus sporting events provide a great opportunity for students and the entire community to promote pride, unity, and team spirit for the Miners. S&T offers 30 intramural sports, aerobics classes and many informal recreational activities to encourage fun and fitness at the new Fitness Center. Outdoor equipment is also available for rent at Outdoor Activities & Rental (OAR) to students interested in exploring the many beautiful rivers, state parks, and national forests of Missouri.

Information on city services such as parks, hiking/biking trails, tennis, skate parks, The Centre, community events, and more is available at rollacity.org.

“You are far too smart to be the only thing standing in your way.”
~Jennifer Freeman
Located in the Student Involvement Center (SIC), Student Involvement provides developmental resources, administrative support and advisement to more than 250 student organizations. Numerous campus activities are offered daily to enrich the student experience and contribute to an inclusive campus community.

Student Council
stuco.mst.edu

Student Council is the primary governing body for the students of S&T. There are many opportunities to participate in varying levels of leadership.

- Be a student representative
- Serve on the executive committee
- Be an elected officer

All students are encouraged to consider becoming a part of Student Council.

Experiential Learning
academicsupport.mst.edu

Experiential Learning is the foundation of a broad-based Missouri S&T education. Experiential learning activities are designed for students to go beyond mastering basic skills and knowledge in the application of that material to problem solving challenges. These activities involve collaboration and reflective learning and allow students to learn in environments that align with their aptitudes.

Volunteerism and Services
involvement.mst.edu/volunteer

Volunteerism and Involvement works to provide students an opportunity to have a positive impact on social issues within the community through service.

Participation in volunteerism demonstrates civic engagement and commitment to one’s community—an important part of your personal and professional development.

Student Design Teams
design.mst.edu

The Student Design and Experiential Learning Center (SDELC) serves as the business incubator and support center for 20 multi-disciplinary student-managed design teams. The SDELC is housed in the Kummer Student Design Center, a new facility that provides design team members with advanced computer design labs and software, a complete manufacturing and testing center, business offices and logistical assets, along with the technical, marketing, communication and fundraising support necessary to prepare students for successful careers even before graduation.

Study Abroad
studyabroad.mst.edu

S&T offers study abroad opportunities in more than 40 countries.

Students may enroll in full-time academic programs abroad for a semester or a full year. Often educational fees are the same as S&T’s on-campus fees.

S&T participates in the Missouri-London and Missouri-Greece programs. Short-term summer exchanges are also available with S&T partner universities in China, Sri Lanka, Australia and South Africa.

Contact a study abroad advisor for more information.

UNDERGRADUATE RESEARCH
academicsupport.mst.edu

Experiential learning is an essential aspect of S&T’s unique learning environment. Undergraduate research is a core component that provides students with out-of-classroom learning experiences that apply classroom knowledge to solving real-world problems.

As new freshmen, S&T students are introduced to undergraduate research programs through introductory courses and seminars.

First-year students learn about research opportunities through a variety of means, including interactions with faculty in their departments and interactions and involvement with peers who participate in undergraduate research programs at S&T.
Cost of Education

Direct Costs for Undergraduate Students | Fall 2022–Spring 2023

Fall 2022 semester fee schedule is not available until Summer 2022. It will be posted at sfa.mst.edu once approved by the UM System Board of Curators.

Personal costs and transportation vary per student. The estimate, based on a current S&T student survey, is $1,888 for a Missouri first-time freshman and $2,476 for an out-of-state first-time freshman.

¹ Required Fees includes estimated Information Technology Fee, Activity/Facility Fee, Health Services Fee (see cashier.mst.edu or call 573-341-4195 for information on these fees), estimated loan fees for those utilizing federal loans and internal charge of $8 for S&T Yearbook.

² Supplemental Course Fees are charged to students enrolled in specific courses. Above estimate is a representation of typical freshman coursework. See reverse of sheet for additional explanation. More at cashier.mst.edu.

*Estimated Room and Board (meals) Cost
May vary based on combination of housing and meal plans.

**MEAL PLAN OPTIONS 2021-22**

**MEAL PLAN 1: DECLINING BALANCE DOLLARS (DBDs) - $2,820 PER YEAR**
Features: 2,820 DBDs to spend at any dining facility on campus per year

**MEAL PLAN 2: ALL ACCESS (TJ ONLY) - $3,840 PER YEAR**
Features: Unlimited Access to Thomas Jefferson residence hall cafeteria + 100 DBDs per year

**MEAL PLAN 3: 225 MEALS - $3,470 PER YEAR**
Features: 225 meals per semester + 150 DBDs per year

**MEAL PLAN 4: 150 MEALS - $2,980 PER YEAR**
Features: 150 meals per semester + 280 DBDs per year

**MEAL PLAN 5: DECLINING BALANCE DOLLARS (DBDs) - $1,990 PER YEAR**
Features: 1,990 DBDs to spend at any dining facility on campus per year. Please see reslife.mst.edu for eligibility.

**LEARN MORE AT reslife.mst.edu**

The University reserves the right to modify by increase or decrease the tuition and fees charged for attendance and other services to the University, including but not limited to tuition, at any time when in the discretion of the governing board the same is in the best interest of the University provided that no increases can or will be effective unless approved by the Curators of the University of Missouri not less than thirty days prior to the beginning of the academic term (semester, etc.) to which the fees are applicable, with all modification of fees to be effective irrespective as to whether fees have or have not been paid by on or behalf of a student prior to the effective date of the modification.
**eBilling and Fee Statements**

**cashier.mst.edu**

S&T does NOT mail Fee Statements. All billing statements are electronic. The student will receive email notification at their S&T email address when a statement is available for viewing.

1. **How do I view my eBill?**
   - Log-on to Joe’SS.
   - Click on Student Center.
   - Under the finance section, click on the TouchNet Link.
   - You will be asked for your Joe’SS log-in information again.
   - Once in TouchNet, click on View Statements to view current and past billing statements.

2. **How do I set up Authorized Payers?**
   - Access Registrars Webpage, registrar.mst.edu, to set-up users in Joe’SS.
   - Log-on to Joe’SS to navigate to TouchNet.
   - Re-enter your Joe’SS user ID and password, make sure you are allowing pop-ups.
   - On the TouchNet Homepage, select Authorized users from the “My Profile Setup” column.
   - Log onto Joe’SS.
   - Select “Add Authorized User”.
   - Enter email address and select permissions to grant access.

More information can be found on registrar.mst.edu.

3. **What should I do with my eBill?**

Carefully review the information provided in reference to charges, anticipated financial aid awarded, minimum/full payment amounts, payment due dates, etc. If your financial aid does not completely cover your cost, at least the minimum payment is due by the date communicated on your Billing Statement to secure your course selection.

Further information regarding payment options, due dates, refund policy, student fee schedules, etc., can be found on the Cashiers homepage at cashier.mst.edu.

If you have questions regarding financial aid or scholarships, call the Student Financial Assistance Office. We are available Monday through Friday from 8:00-4:30. Feel free to come by our office in G-1 Parker Hall with questions or call 800-522-0938 or 573-341-4282. For questions regarding billing or payment, call the Cashier’s Office at 573-341-4195, send an email to cashier@mst.edu or visit a Cashier’s window on the ground level of Parker Hall.

---

**MANAGE YOUR MONEY**

**sfa.mst.edu**

The cycle of debt starts very early for many Americans. Many new grads start their working lives saddled with credit card debt; most of which is unrelated to their educational expenses. Money often causes contention between college students and their parents. Avoid future years of financial disaster.

**BE FRUGAL.** Look for student discounts on travel, movie tickets or meals. Buy used textbooks when available.

**ASK FOR HELP WHEN YOU NEED IT.** If you run into a financial disaster, let your family know you’re in trouble.

If an unexpected event changes your financial situation—or you simply need help budgeting your money—don’t give up on school! First, come to the Student Financial Assistance Office in G-1 Parker and see if we can help.

- **Track it.** Track your spending for two to four weeks to see where your money is going. Once you see how much impulse buying and indulgences are costing you, it’ll be easier to say “No!”
- **Get a plan.** The best way to manage your money over the course of a semester is to map out a budget.
- **Good-time money.** All students will need some form of entertainment. Build some “fun” money into your budget.
- **Pace yourself.** If you spend, spend, spend at the beginning of the semester, you could be tapped out later. Give yourself a spending limit for each week.
- **Protect your identity.** Don’t give your Social Security, credit card or bank account number to anyone unless you know why they need to see them. Review bank statements and phone bills regularly for unauthorized use.
- **Set your own credit line.** Just because you have a $2,000 credit line doesn’t mean you spend $2,000.
- **Use credit cards sparingly.** Avoid using credit cards and debit cards for small purchases like sodas and snacks. Be smart about credit cards.
- **Avoid shopping sprees.** Trips to the mall are fun, but purchase only a few items you need at a time. Be careful about charging unnecessary items at the S&T Store.
- **Look ahead.** Whether it’s a road trip with friends or an auto insurance bill, if you know a big expense is coming, start putting some money aside to pay for it. Set aside some money for an emergency fund for car repairs or to replace a broken calculator.
- **Keep a calendar.** Monitor due dates for bills, scholarship applications, February 1 FAFSA deadline and other expenses.
- **Be realistic.** You can do what you want, but you can’t do everything you want.
Parenting a New College Student

What’s it like emotionally for first-year students?

First-year students may initially experience some fairly intense and varied feelings – enthusiasm, anxiety, loneliness, and delight. It is normal to feel extremely excited one week and discouraged the next. While adjusting to a new academic atmosphere and new living situation, students must re-establish a sense of security and identity in their environment. As students work through this process, some may experiment with “extremes” before reaching a solid middle ground. For example, when leaving home, your son or daughter might call home quite often or might want very little contact with family. Parents and students should strive to reach a compromise that satisfies both parties.

What reactions am I likely to experience during the first year?

As a family member, you may experience both pleasant and uncomfortable emotions during this period of change. Some of these feelings may be tied to concerns about your student, while others may relate to aspects of your own life. You may find yourself re-examining your career goals, relationships, and use of leisure time. This time of transition for both families and students often requires developing a healthy adult-to-adult relationship with your student who is entering college. Everyone involved tends to adjust best with a support system to help meet the challenges. Remember, relationships are CHANGING, not ending. As an ancient proverb states, “There are two great gifts parents give their children: one is roots and the other is wings.”

What can I do to help facilitate my student’s transition to college?

First-year college students often seek parental support and encouragement. Some students call or visit home seeking approval of their decisions or may even request that important decisions be made for them. You can help by encouraging them to weigh pros and cons and by leaving the final decision up to them. Family members can show support by trusting the student’s ability to decide and handle the consequences (both positive and negative). Students develop by improving their capacity to make sound decisions and by being responsible for their own actions. You might consider resisting any urges to “bail out” your college-age student from the natural consequences of his or her decisions or actions. Help your student focus on the new knowledge that negative consequences can provide. If your student needs help, suggest that he or she seek assistance on campus.

How can I help if my student has difficulties?

There is help available on campus for most concerns that your student may face. The challenge for many high-ability students (who did not need assistance in high school) is to take the initiative to seek assistance. Family concern in the form of demands or criticisms doesn’t usually help. Listen patiently and express understanding of how difficult college can be and then encourage your student to take advantage of on-campus resources. Follow up by asking if the assistance sought was helpful. Don’t feel that you have to be an expert on campus resources – suggest that your student start with his/her academic advisor or visit the Student Success Center.

How does involvement in campus activities impact my student?

Getting involved in campus life has immediate and long-term advantages for your student. Involvement in out-of-classroom learning opportunities and educational programs contributes to professional development. Employers are interested in hiring well-rounded individuals who have thrived both in and out of the classroom. Although students must allow adequate study time for their classes, those who get involved in campus life are the happiest, most academically successful, and the most likely to complete their college degree program. College is more than studying – it’s about getting to know others, learning about oneself and becoming a successful young adult.

What should I keep in mind when communicating with a college student?

It will be important to shift from “parent-to-child” interactions to “adult-to-adult” communications. When new students are at school, family members usually have minimal input into their curfews, discipline, personal grooming, use of time, social activities, choice of friends, room decor, volume of stereo, eating patterns, dating habits, or time spent on homework. A predictable conflict for you and your student may be when they visits home and wishes to maintain these or other freedoms. It is helpful to discuss how changing perspectives will be handled ahead of time so that initial visits home are not times of excessive conflict. Acknowledging your needs is as important as responding to the needs of your student.
A Family “To-Do List”

1. **Expect change – but not too much.** This natural process is often frustrating. Be patient... your student will remain the same person.
2. **Don’t ask: “Are you homesick?”** The first few activity-packed weeks require new students to concentrate on meeting new people.
3. **Write – even if you don’t get return mail.** Even if your student seems to have forgotten how to call or email, they will greatly appreciate notes and news from home.
4. **Ask questions – but not too many.** Students still desire the security of knowing their family is interested in them. Honest inquiries and mature communication can help the relationship grow.
5. **Keep panicky phone calls in perspective.** When troubles become too much, students dial home. While you may feel lousy with worry, talking works wonders.
6. **Visit occasionally.** Although they may only admit it with reluctance, students appreciate visits by families (especially to shop or eat out). Homecoming is an ideal time to visit.
7. **Don’t tell your student... “These are the best years of your life!”** The first year in college can be full of indecision and insecurity, disappointments and mistakes. Support and encourage your student.
8. **Trust your student.** It’s tough enough to second-guess yourself as a student without your parents doing the same. Give them your respect.

*Adopted from the National Orientation Directors Association

Parent and Family Involvement

Family support and encouragement are crucial to the growth, development, and success of students during their college years. As part of the S&T family, we want to be your partner in supporting your student at Missouri S&T. An integral part of this process is encouraging students to articulate their own needs and concerns. Although S&T students are legally adults, parental involvement in the lives of their students is encouraged. Faculty and staff treat students accordingly and work in partnership with families, as appropriate, to foster student success.

Families are invited to campus at any time and programs are organized throughout the year by living units, athletic teams, and other student organizations that are geared toward families.

**Homecoming Parents Reception:** Homecoming is a family event at S&T and everyone is invited!

**Parent Connection:** This list serves to provide news and updates about the campus.

**Stay Connected**

- *You're On Your Own, But I'm Here If You Need Me.* — Marjorie Savage

**QUESTIONS TO ASK YOUR STUDENT**

- Are you going to class? Sleeping?
- Are you studying about 3 hours per credit hour?
- Are you scheduling “fun time?”
- Starting homework early?
- Have you visited your professor’s office hours? Visited your advisor?
- Are you using academic resources? (LEAD, Math Help, tutoring, & Student Success Center, etc.)
- Are you reviewing material before and after class?
- Found a study group for difficult classes?

- Garbage Bags

#### Technology
- Phone/Phone Charger
- Jump Drive/Flash Drive
- Radio/Headphones/iPod
- Surge Protector
- 5-Port Switch
*students cannot bring wireless routers to campus

---

### SHOW YOUR MINER PRIDE

You’re about to embark on your college journey. You worked hard, studied and are no doubt a serious student. These traits have helped get you to where you are today: about to be a new student at one of the most respected technological universities in the world. **Be proud of your accomplishments!**

- Wear your St. Pat’s green on Fridays
- Attend sports games, campus events and concerts
- Get an S&T decal for your car window
- Wear an S&T t-shirt when you visit home
- Join a campus or community organization
- Keep campus clean, recycle and respect university property
- Get involved in activities you enjoy
A&R Day Checklist

Before you leave today, did you:

☐ 1. Receive a copy of your fall semester class schedule?
☐ 2. Have all your questions answered? (For now, of course.)
☐ 3. Activate your Joe’Ss account and your S&T email? IT (Information Technology) is available during the lunch break today. See your schedule.
☐ 4. Obtain your Miner Card? The ID office is located in 109 Centennial Hall.
☐ 5. Learn about your housing and meal plan options? For more info, visit reslife.mst.edu.
☐ 6. Order or purchase your fall semester textbooks? The S&T Store is on the first floor of the Havener Center.
☐ 7. Register for Hit the Ground Running (if interested)?
☐ 8. Think about opening a local checking account? Phelps County Bank is located on the first floor of the Havener Center.

When you get home, make sure to:

☐ 1. Submit your final transcripts to the Registrar’s Office. Visit registrar.mst.edu for more info.
☐ 2. Check your S&T email account frequently. This is very important!
☐ 3. Become familiar with Joe’Ss.
☐ 4. Review your degree program at catalog.mst.edu.
☐ 5. Like us on Facebook at facebook.com/SandTnewstudents.
☐ 6. Prepare for a life-changing experience at S&T. Welcome to the Miner family!

We hope you enjoyed your day!
**Welcome to Rolla**

Rolla is a terrific college town. The community is very supportive of the university and its students. Located about 100 miles from Saint Louis, Springfield and the Lake of the Ozarks, Rolla blends the friendliness, safety and charm of a small town with the cultural and recreation options of a much larger city. Anything you can’t find in Rolla is just a short drive away. Community events, campus activities and locally-owned restaurants, pubs, theaters, coffee shops, bookstores, pizza parlors and wineries provide a great diversion from studying. We hope you enjoy your time here!

**Points of Interest**

- a Bowling Alley
- b Tech Development Center
- c Movie Theater
